

Driver Training: Level Two For the Established Safety Culture

Program

This program is for experienced drivers who operate in an established safety culture. Participants may have attended driver training previously. Despite this, accidents and crashes still happen. Here activities build on the knowledge, skill and experience from within the group. Prerequisites: Current drivers licence. Previous driver training may be an advantage.

Aims: By the end of the course you will be able to:

- Avoid common crash types in theory and practise
- Give and receive feedback using a 'peer observe' method
- Predict and address personal impairments and barriers to safety
- Craft a personal safety improvement plan

0900-0950	Introduction and course aims. Recognising Prior Learning. How Safety Works: Most-Safe/Least-Safe/Pathways-Barriers, and the 4 Ways Driver Training Model ©
1000-1045	Where crashes happen. The ten most common crash types according to the NSW RUM Chart
1100-1150	Critical Behaviour Inventory. Brainstorming to identify the essential driving behaviours necessary to improve safety based on the combined experience of the group
1200-1230	Safe Driver Checklist. Taking the top ten critical behaviours to create a safe driver checklist. Preparing for the Peer Observe
1230-1300	Lunch
1300-1400	Peer Observe Group A - Driving activity in real world conditions
1400-1500	Peer Observe Group B - Driving activity in real world conditions
1500-1530	Emotional Intelligence. Develop skills to manage your emotions for optimal safety behind the wheel
1530-1600	Spiritual Intelligence. Develop skills to identify and align yourself with the things that really matter to you
